Mr. Geoffrey Booth
Financial and Technical Director
Black & White Engineering Solutions
Unit 6, 111 Bonds Road
RIVERWOOD NSW 2210

Dear Geoffrey,

I was very pleased to hear that the partnership between CSI and Black & White Engineering Solutions were successful in winning an award at the recent AEEMA Awards. The category of Excellence in Commitment to Skills & Education epitomises the work that CSI carries out.

Your Company's vision and commitment to the task has ensured that this enterprise will succeed. The award recognises this and I'm sure will provide the impetus for staff and inmates alike to strive for better things.

I understand that the venture had a few teething problems at the start but these were overcome and we now have a mutually beneficial enterprise. The training and experience inmates receive in the Technology business unit will equip them for sustained employment when they are released.

Congratulations on this well deserved win.

Yours sincerely,

Luke Grant
A/Deputy Commissioner
Offender Management & Operations

Mr. Lloyd Knipe
Engineering & Marketing Director
Black & White Engineering Solutions
Unit 6, 111 Bonds Road
RIVERWOOD NSW 2210

Dear Lloyd,

I wish to congratulate Black & White Engineering Solutions for its support of CSI and winning the award for Excellence in Commitment to Skills & Education at the recent AEEMA Awards.

I understand that the partnership between your Company and CSI took a little time to develop but has built into a strong and rewarding enterprise.

The Department is committed to reducing reoffending and your joint venture with CSI at Long Bay embodies all the qualities required to achieve this goal. Inmates are trained in relevant trades which equip them with skills to obtain and more importantly retain employment when they are released.

Thank you for your vision and ongoing commitment.

Yours sincerely,

Luke Grant
A/Deputy Commissioner
Offender Management & Operations
